

Client Alert 25-2018

October 31, 2018

- **Updated IMO List of National Operational Contact Points**
- **SOPEP/SMPEP Annual Review**

The International Maritime Organization (IMO) issued an updated **LIST OF NATIONAL OPERATIONAL CONTACT POINTS** dated **October 31, 2018**, copy attached. Please ensure that your SOPEP or SMPEP on board your vessels is duly updated with the current list.

As we previously noted in Client Alert 07-2017, the **LIST OF NATIONAL OPERATIONAL CONTACT POINTS** is now named “Annex” instead of “Annex 2”. The former Annex 1 that provides access to the **FLAG STATE CONTACT POINTS FOR PSC MATTERS, CASUALTY INVESTIGATION SERVICES AND SHIP’S INSPECTION SERVICES** is no longer provided as part of the MSC-MEPC.6 circular but is now available through the [Global Integrated Shipping Information System \(GISIS\)](#) on the IMO’s website. A registration, login and password are required to access the information. Owners / operators should ensure their Masters have access to this information.

SOPEP/SMPEP Annual Review Reminder:

We also take this opportunity to remind you that the SOPEP or SMPEP, as applicable, must be reviewed periodically or at least annually by the owner/operator, to capture changes in local law or policy, contact names and numbers, ship characteristics or company policy, and must be documented in the plan holder’s SMS, in accordance with the ISM code, Chapter 11. To avoid any issues during Port State Control inspections, it is recommended that the Master conduct an annual review of the SOPEP or SMPEP as part of the annual SMS documentation review of manuals and issue/sign a document confirming the same, for the vessel’s records. We ask that you forward details of any changes made to shipboard copies of the SOPEP/SMPEP to ECM, **if** ECM has prepared the SOPEP or SMPEP for your vessels, to ensure such changes are incorporated in the plan in a timely manner. Please note that any changes to the mandatory sections of the plan will require flag administration approval, which may result in a plan review fee by the Flag State that will be charged to your account.

As always, please contact ECM at ecm@ecmmaritime.com with any questions.

ANNEX

LIST OF NATIONAL OPERATIONAL CONTACT POINTS RESPONSIBLE FOR THE RECEIPT, TRANSMISSION AND PROCESSING OF URGENT REPORTS ON INCIDENTS INVOLVING HARMFUL SUBSTANCES, INCLUDING OIL FROM SHIPS TO COASTAL STATES

1 The following information is provided to enable compliance with Regulation 37 of MARPOL Annex I which, inter alia, requires that the Shipboard Oil Pollution Emergency Plan (SOPEP) shall contain a list of authorities or persons to be contacted in the event of a pollution incident involving such substances. Requirements for oil pollution emergency plans and relevant oil pollution reporting procedures are contained in Articles 3 and 4 of the 1990 OPRC Convention.

2 This information is also provided to enable compliance with Regulation 17 of MARPOL Annex II which, inter alia, requires that the shipboard marine pollution emergency plans for oil and/or noxious liquid substances shall contain a list of authorities or persons to be contacted in the event of a pollution incident involving such substances. In this context, requirements for emergency plans and reporting for hazardous and noxious substances are also contained in Article 3 of the 2000 OPRC-HNS Protocol.

3 Resolution MEPC.54(32), as amended by resolution MEPC.86(44), on the SOPEP Guidelines and resolution MEPC.85(44), as amended by resolution MEPC.137(53), on the Guidelines for the development of Shipboard Marine Pollution Emergency Plans for Oil and/or Noxious Liquid Substances adopted by the IMO require that these shipboard pollution emergency plans should include, as an appendix, the list of agencies or officials of administrations responsible for receiving and processing reports. Such list is developed and up-dated by the Organization in compliance with Article 8 (Reports on incidents involving harmful substances) and Protocol I (Provisions concerning Reports on Incidents Involving Harmful Substances) of the MARPOL Convention. Under Article 8 of the MARPOL Convention, each Party to the Convention shall notify the Organization with complete details of authorities responsible for receiving and processing reports on incidents for circulation to other Parties and Member States of the Organization. Attention is also drawn to both Guidelines which stipulate that "in the absence of a listed focal point, or should any undue delay be experienced in contacting the responsible authority by direct means, the master should be advised to contact the nearest coastal radio station, designated ship movement reporting station or rescue co-ordination centre (RCC) by the quickest available means".

4 The "List of national operational contact points responsible for the receipt, transmission and processing of urgent reports on incidents involving harmful substances, including oil from ships to coastal States" contained in the circular is updated at the end of each calendar year. This list is an update of that contained in MSC-MEPC.6/Circ.16 dated 31 December 2017, as amended.

5 The above mentioned "List" is available on the Internet and can be accessed at <http://www.imo.org/OurWork/Circulars/Pages/CP.aspx> (or select "**National Contacts**" link on the bottom of the IMO homepage). This Internet version is updated on a quarterly basis and includes **a summary indicating which country has submitted changes to its information, since the previous update.**

6 On receipt of this latest version and in order to maintain an accurate list, it is necessary that Member States check their respective information to ensure that it is correct. Effective 29 February 2008, Member States are requested to directly update their respective information in the Global Integrated Shipping Information Systems (GISIS) using the reporting facilities of the Contact Points module.
