Bulletin 952 - 03/14 - ISM/ISPS and ILO MLC App - Worldwide

Lloyd's Register and the UK P&I Club have updated the hugely popular ILO MLC smartphone app and launched a new ISM & ISPS pocket checklist app

Both apps are free and are available for iPhone, iPad, and Android devices

In a fully paperless operation, the apps enable ships' crews and their managers to view necessary legislative and regulatory requirements, save multiple checklists, check off completed activities, add essential notes and send the completed checklists via email.

LR and the UK P&I Club have analysed ISM, ISPS and ILO MLC reported deficiencies found by Port State Control. Accordingly, the apps have been designed to help counter the risk of Port State Control detentions and help companies comply with the legislative and regulatory requirements. The effective implementation of ISM, ISPS and ILO MLC will protect the fleet's reputation and help to get the most out of the company's resources.

The apps can be found at the following locations:

ILO MLC: [iOS](#) & [Android](#)

ISM & ISPS: [iOS](#) & [Android](#)
