Bulletin 1038 - 05/15 - Navigation through the Great Barrier Reef and Torres Strait - Australia

The Australia Maritime Safety Authority (AMSA) has published a quick reference guide to assist ship owners, ship operators, masters and crews.

A new [AMSA webpage](#) provides relevant links to detailed information, current marine notices and media releases on the following:

- Particularly Sensitive Sea Areas
- Coastal Pilotage
- Queensland Coastal Passage Plan (QCPP)
- REEFVTS
- Great Barrier Reef Marine Park Designated Shipping Area
- Defect and incident reporting
- Disposal of garbage
- Charts and publications
- Fitness for duty
- Port State Control
