

SECURITY SEAL TESTING AUTHORITY (S.S.T.A)

Since its inauguration in 1999, the Security Seal Testing Authority (S.S.T.A), managed by Signum Services Limited has been instrumental in providing a service to not only H M Customs and seal manufacturers worldwide, but also in relation to representation at various conferences and on working groups. It has developed into an authority in providing advice in relation to security seals and to general container security.

Seals which are acceptable to H M Customs are placed on an accredited list, which is maintained by the SSTA. A copy of this list can be found on H M Customs & Excise website: www.hmce.gov.uk/forms/notices/205, or supplied by the S.S.T.A on request.

Should any members require more information on the subject of container seals generally, contact with the SSTA can be made at:

Security Seal Testing Authority
International House
26 Creechurch Lane
London EC3A 5BA
