Bulletin 198 – 07/01 – Port of Genoa Closed - Italy

The G8 Summit is taking place in Genoa. As a result no ships will be allowed to enter, move or leave the port of Genoa between 18 and 23 July 2001. The Association's correspondents, Studio Legale Mordiglia are intending to keep the office open as normal but the likelihood of street demonstrations means that after hours numbers may have to be used.
