## **Bulletin 1122 - 12/16 – Economic Instability - Venezuela**

**The Club has been informed of a number of National Governments advising their citizens about unrest in Venezuela.**

Due to the economic instability in Venezuela a number of countries including, China, England, France & USA have warned their citizens about unrest on the streets of Venezuela due to the economic instability of the country. Member's attention is drawn to the attached circular provided by our correspondent that advises against shore leave for crew in Venezuela during this period of unrest.
