- c)For the vessels over 5000 gross tons; additional 22.53 TL per gross ton over 5000 gross ton to the item a+b

=====

P.S.:

As to the above Tariff, when applied to the Vessels/Sea vehicles are belonging any "Corporate" the calculated/established Fine amount will be increased / multiplied 3 (three) times more.

As per the relevant Law, in case of the repetition of the pollution offence by the same ship within 3 (three) years time;

-At the first repetition, the fine amount is increased by one time more,

-At the second and more repetition the fine is increased by two times more

In case of discharge of any dangerous substances or disposals to sea, the fine will be calculated 10 (ten) times as much taking the category of Petrol and Petroleum Products fines as basis.

KINDLY NOTE IF THE FINE IS PAID IMMEDIATELY (IN ANY CASE BEFORE THE VESSEL'S SAILING / WITHIN MAX. (30) DAYS) 25% REDUCTION WILL BE BENEFITTED.

=====

Following precautions recommended to be taken by the ship's crew for guidance purpose only and must not limit the precautions to be taken which may vary from vessel to vessel depending size, type, age, etc.

- 1) All Deck Scuppers to be plugged and secured.
- 2) Accommodation: All drain holes inside the accommodation including galley, pantry, all shower rooms and toilets' drain holes to be closed and also all Gate Valves to be closed. Fresh Water supply to be limited to Designated Shower Rooms with Drainage to Sewage Tank.
- 3) If directly connected to sea then all Public Toilet's Washing Basins sealed, with Chief Officer's signature on sealing tape.
- 4) All Laundry Rooms to be locked.
- 5) Crew meeting and instructions to be recorded.
- 6) All outlets to be checked periodically, to be sure that no discharge found, except cooling outlets for M/E generators etc.
- 7) All outboard valves in Engine Room and Cargo Holds to be shut & sealed, with Numerical Seals, which has to be broken when using those valves. Records for changing of seals to be made available.
- 8) Ship Sanitary Tank Discharge valve to be locked.
- 9) Sewage / sanitary system to be closed. Ship sewage tank discharge valve to be closed and locked.
- 10) All direct overboard outgoing lines to be closed and sealed.
- 11) No cleaning/washing to be made at weather deck.
- 12) No painting to be made on decks etc.
- 13) All garbage was secured.
- 14) Any other issue regarding dropping anything overboard to be checked and to be prevented as applicable.
- 15) Valid from 06 April 2021, it has been prohibited to discharge scrubber wash water by from the vessels.

All above to be recorded in Deck Log Book.

Local agents recommendations (if any) regarding pollution prevention to be assessed and followed as applicable.

Above given without prejudice.

VİTSAN

MÜMESSİLLİK VE MÜŞAVİRLİK A.Ş.

The Vessels Agents are generally sending Circular/Notice/Warning to the Owners/Masters when they have been nominated as Agents transiting/waiting at anchorage/calling to Turkish Ports especially before the Vessels entering Canakkale Straits (Dardanelles) that the Masters would take steps not to cause any pollution incident.

The Masters of the Vessels would pay utmost attention and take all steps not to cause any pollution by leakage/spillage of any kind of materials (paintings, oil, bilges, any kind of ballast, all kind of residues, garbage, dirty waters, sewage waters, laundry waters with detergent, lavatory soap waters, shower waters, dust, rust etc.)
